

QUALITY POLICY

Heraeus Electro-Nite is committed to earning our place as the leader in measurement, monitoring, and control of molten metal processes.

We will continually improve the Quality Management System to ensure:

Our products and services are delivered on-time with consistently reliable performance to meet or exceed the expectations of our customers.

Challenges are met with innovation, expertise, resources, and persistence.

THIS QUALITY POLICY IS AUTHORIZED
AND ADOPTED BY MANAGEMENT

Tom Coleman, President
